

*Let's Build a Greener Iowa*  
**BECOME A MEMBER**

*COSC's expertise in built environments that are affordable, energy efficient, healthy, durable and environmentally sound is a vital resource for Iowa's sustainable building initiatives.*

*In response to the state's disaster recovery efforts, we developed COSC's "Re-Building a Sustainable Iowa" training program that delivered over 125 workshops free-of-charge to Cedar Rapids, Dubuque, Council Bluffs, West Union, Des Moines, Iowa City and other cities throughout our great state. An important contract with Iowa Department of Economic Development and the U.S. Department of Housing and Urban Development enabled us to empower professionals and consumers in these communities to rebuild in a more sustainable, more effective, manner. COSC, in collaboration with local experts, provides outstanding green building education that supports national standards within the residential, commercial and energy-specific industry sectors.*

*Recently marking our 5th year of educating, empowering and engaging, we ask you to support COSC's future. Our commitment to improving the quality of life for all Iowans is steadfast and your membership allows COSC to sustain organizational needs as we actively meet the growing demand for sustainable building education.*

*Take advantage of the numerous benefits of joining COSC as a member, and take pride in building a greener Iowa!*

Gratefully,

Lynnae Hentzen  
Executive Director/Co-Founder
